(4) Inve	estment	s in Infrastructure
	Water	and Sewer Infrastructure - those projects eligible to receive financial assistance through state/federal SRF programs
		projects to construct, improve, and repair wastewater treatment plants
		control non-point sources of pollution
		improve resilience of infrastructure to severe weather events
		create green infrastructure
		protect waterbodies from pollution protect waterbodies from pollution
		building/upgrading water treatment, transmission, distribution, and storage systems, includes replacing lead service lines
		construct publicly owned treatment infrastructure
		manage and treat stormwater or subsurface drainage water
		facilitate water reuse
		secure publicly owned treatment works
		developing effective cybersecurity practices and measures at drinking water systems and publicly owned treatment works
		taking steps to manage potential sources of pollution and preventing these sources from reaching sources of drinking water
		measures to conserve and reuse water or reduce the energy consumption of public water treatment facilities
		rain gardens that provide water storage and filtration benefits
		green streets, where vegetation, soil, and engineered systems are combined to direct and filter rainwater from impervious surfaces
		natural disasters - interconnecting water systems or rehabilitating existing wells during an extended drought
	Broadk	oand Infrastructure
		eligible investments are those designed to provide services meeting adequate speeds to unserved and underserved households and businesses
		Recipients have flexibility to identify the specific locations within their communities to be served and to otherwise design the project
		"Adequate speeds" - designed to deliver, upon project completion, service that reliably meets or exceeds symmetrical upload and download speeds of 100 Mbps
		If not practicable due to geography, topography, or excessive costs, then download speeds of 100 Mbps and upload speeds between 20 Mbps and 100 Mbps, scalable to 100 Mbps
		prioritize investments in fiber optic infrastructure where feasible
		"Unserved or underserved" - lack access to a wireline connection capable of reliably delivering at least minimum speeds of 25 Mbps download and 3 Mbps upload
		consider ways to integrate affordability options into their program design
		focus on projects that deliver a physical broadband connection by prioritizing projects that achieve last mile-connections
		prioritize support for broadband networks owned, operated by, or affiliated with local governments, non-profits, and co-operatives
Other p	rovisio	
		unds may not be used as match for other Federal programs whose statute or regulations bar the use of Federal funds to meet matching requirements
		are subject to the provisions of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR 200) (the Uniform Guidance)
		e funds to cover costs obligated beginning March 3, 2021 through December 31, 2024 and spent by December 31, 2026
		eceive funds in two tranches - half now and half a year from now
		ents may transfer funds to other eligible recipients, including special districts
	Local a	allocations cannot exceed 75 percent of the NEU's most recent annual total operating budget, including its general fund and other funds, as of January 27, 2020
	_	for consolidated governmnets, the budget cap applies only to the consolidated government's NEU allocation under section 603(b)(2)
	Report	ing - NEUS
		initial annual Project and Expenditure report for NEUs will cover activity from the date of award to 9/30/21 and must be submitted to Treasury by 10/31/21
		subsequent annual reports must be submitted to Treasury by October 31 each year
	If a pot	tential eligible use not listed in guidance:
		1) Identify an effect of COVID-19 on public health, including either or both of immediate effects or effects that may manifest over months or years, and
		2) Assess how the use would respond to or address the identified need
		t save ARPA funds for "rainy day"
		t use ARPA funds to pay interest or principal on any outstanding debt instruments
		t use ARPA funds to satisfy any obligation arising under or pursuant to a settlement agreement, judgment, consent decree, or judicially confirmed debt restructuring plan in a land in the covidation of services that would respond to the COVID-19 public
